

# NIEZALEŻNE ZRZESZENIE STUDENTÓW

---

National Board  
Independent Students' Association

Warsaw, 23th February 2022

As the Independent Students' Association, we show our solidarity with students and youth from Ukraine. In these difficult days, we connect with our colleagues and signal our readiness to support.

The idea of freedom has guided the Independent Students' Association for over 41 years, which is why we express our firm opposition to the actions of the Russian Federation towards Ukraine. The actions taken clearly constitute a drastic violation of the territorial integrity of Ukraine and a breach of the norms of international law.

As young people, we speak with one voice, we are one community. We ask the entire academic community for solidarity with youth from or related to Ukraine and readiness to provide any support.

Alicja Książek  
President of the National Board  
Independent Students' Association
